

Aberdeen Science Centre offers the most unique, inspiring and versatile venue options in Aberdeen. Available for exclusive venue hire, room hire, corporate, social and private events.

Venue Hire

at Aberdeen Science Centre

Neutron and Proton Meeting Rooms

Our modern, purpose-built meeting rooms are equipped to fit all of your needs. Every booking comes with a full range of AV equipment and meeting essentials, including our sleek CleverTouch screen with integrated camera and microphone for hybrid meetings, delegate stationery, and even a laptop if required.

Neutron: 5 to 35 people
Proton: 10 to 40 people
Neutron and Proton combined: 20 to 80 people

Whole Centre

For larger events, we recommend hiring the whole Science Centre, giving you exclusive access to all areas. There are two large zones upstairs, Make It and Test It, which can be used flexibly to accommodate a wide range of events including conferences, exhibitions, networking, fundraisers, recruitment fairs, training days and so much more. You'll also have access to the Neutron and Proton rooms, as well as the Lab and OPITO Theatre of Energy.

Hiring the whole science centre ensures exclusive use of the venue, as the centre will be closed to the public. This guarantees a private and uninterrupted experience for you and your guests.

Whole Centre: 50 to 400 people

VENUE HIRE RATES AND PACKAGES

Our pricing is carefully considered to give you value for money whilst also providing flexibility in your booking. The prices below provide an idea of our rates and package. We recommend contacting us to receive a free no obligation quote, tailored to your requirements.

By booking Aberdeen Science Centre you are supporting a local educational charity that brings science engagement to thousands of children and adults across North East Scotland every year.

Room Only Hire Rates

These rates apply to room only, with no catering included. Some rooms include AV as standard, please check with us to make sure we can meet your requirements. Prices are exclusive of VAT
