

Bioblitz Loan Box

Our Bioblitz loan boxes contain everything teachers and their pupils need to explore biodiversity in the playground.

The loan boxes, which include ID cards and investigative equipment, are available for schools to borrow for free, for up to three weeks at a time.

Request your loan box at education@asc.scot

Kindly funded by ABZ Propeller Fund.

Magic Maths

Magic Maths boxes contain everything you need to have fun exploring maths topics such as probability, mental maths, 'mind-reading' maths and more!

To request this box, please email info@asc.scot

Weather Watchers Box

Observe, measure, and record the weather conditions with your class using the kit in our weather watchers box and become meteorologists for the day!

To request this box,

Please email education@asc.scot

Planet Protectors Loan Box

We have developed a 'Planet Protectors' loan box to allow you to explore your environment in your own time. Our loans boxes are available for the public to borrow free of charge! You can loan a box for up to two weeks.

The box includes a portable air quality monitor, a soil testing monitor, a magnifying glass and stationery!

Alongside the equipment you will receive a 'CO2 and You' activity booklet and a 'How Does Your Garden Grow' Activity booklet complete with background information on air pollution and soil science plus experiment ideas and instruction on how to use the monitors.

Request your loan box at info@asc.scot

IR Camera Loan Box

Take a different look at the world around you with our infrared (IR) cameras. Designed to be used by secondary schools, or older primary pupils, this loan box will help you investigate infrared radiation, and it's applications in STEM. To book please email education@asc.scot
